

## Sample Questions

Class :TYBAF

Subject: Research Methodology in Accounting and Finance

Paper Name: ATKT Research Methodology in Accounting and Finance

1. \_\_\_\_\_ is a proposition which can be put to test to determine its validity.
  - a. Hypothesis
  - b. Research Design
  - c. Sample Design
  - d. Report
2. Which of the following is also called as fundamental research?
  - a. Qualitative research
  - b. Applied research
  - c. Empirical research
  - d. Basic Research
3. Which of the following research helps to solve practical problems?
  - a. Applied
  - b. Basic
  - c. Qualitative
  - d. Empirical
4. The research paper begins with
  - a. Abstract
  - b. Conclusion
  - c. Analysis
  - d. Introduction
5. The recorded data when taken from published sources is called as
  - a. Secondary data
  - b. Tertiary data
  - c. Primary data
  - d. Technical data

6. Which of the following refers to previous research studies, reference books and other published sources?

- a. Literature review
- b. Research design
- c. Research report
- d. Bibliography

7. Measures of \_\_\_\_\_ are used to compare the variability in a sample

- a. Correlation
- b. Regression
- c. Dispersion
- d. Central tendency

8. Find the mode in the following distribution

10,15,30,30,50,45,30,50

- a.10
- b.50
- c.30
- d.45

9. The grouping of data under different categories for the purpose of data processing is called as

- a. Classification
- b. Coding
- c. Editing
- d. Hypothesis

10. To which of the following method does Simple Random sampling belong to

- a. Confusing
- b. Non-probability
- c. Probability
- d. Abstract

11. During Editing stage of research there is initial scrutiny of data

- a. To check its accuracy
- b. For classification

c. For analysis

d. For summary

12. Non-proportional random sampling is a sub-type of \_\_\_\_\_

a. Unrestricted random sampling

b. Simple Random Sampling

c. Stratified Random Sampling

d. Cluster Random Sampling

13. \_\_\_\_\_ test is used to analyse ratio of the variance of two samples while testing hypothesis

a. T

b. Z

c. F

d. Sd

14. \_\_\_\_\_ contains a list of all the references used in the research report.

a. Research abstract

b. Footnote

c. Bibliography

d. Introduction

15. Every statistical table must have a suitable \_\_\_\_\_

a. Date

b. Title

c. Number

d. Pages

16. Which of the following is designed for publication in a professional journal?

a. Interim Report

b. Summary Report

c. Research article

d. Technical Report

17. In research, a sample of respondents must represent the \_\_\_\_\_.

a. Universe

b. Environment

c. Society

d. Group

18. What is a research design?

a. The choice between using qualitative or quantitative methods.

b. A framework for every stage of the collection and analysis of data.

c. A way of conducting research that is not grounded in theory.

d. The style in which you present your research findings, e.g. a graph.

19. Find the range of the following distribution

3,7,4,2,1,4,1,2

- a. 5
- b. 6
- c. 7
- d. 8

20. \_\_\_\_\_ reasoning is where we start with certain particular statements and conclude with a universal statement

- a. Deductive Reasoning
- b. Inductive Reasoning
- c. Abnormal Reasoning
- d. Transcendental Reasoning
